WHOLESALE LIST OF LINING-OUT PLANTS

SEASON 1938 and 1939

—From—

HENDRIX & GLASS
FARMERSVILLE, TEXAS

We make a specialty of growing lining-out plants for the trade. All of these plants have been grown in open beds in pots all this season, and are not just potted and offered for sale as potted plants as some of our nurserymen do. These plants are ready to go to the field as soon as you get them, and you can always get a perfect stand when you plant our plants.

NO N-U-T GRASS IN OUR PLANTS

PYRACANTHA ATALANTIOIDES U. S. D. A.

Number 80408 have brilliant crimson berries and grow upright like Llandii. We have these plants in two inch pots now and will be ready for the field in February, 1939. Can take care of any orders that you send us for liners of this plant large or small and will ship as soon as they are

ready.	10.00	100.00
RED YUCCA 2 in.	10.00	90.00
RED YUCCA 3 in.	15.00	125.00

The 3 in. are two years old and should bloom next season, extra nice plants.

Dwarf Pomegranate 2 in. 6.00 60.00
has blooms and fruit on at the same time but goes to the ground here at our place in winters and comes out again in the spring.

Dwarf Pomegranate U. S. D. A. No. 43793

This plant grows about 24-30 inches all branches come out from the crown of the plant at the ground has blooms about the size of a silver dollar (if you know the size of a dollar) very red bloom and as double as any Carnation that you ever saw.

We have these plants in two inch pots ready to plant outside anytime that you want them.

Price \$8.00 per 100.

\$75.00 per 1000.

If you are in need of some large Conifers come to our place and we will make you a good price, you to do the digging and burlap them, can drive anywhere that we need to to get to them.

We have quite a few items that we are not listing, as we do not care to list these and sell out of them too soon.

Drive up and see these plants and be convinced that we do know how to grow the best liners that you can buy.

HENDRIX & GLASS

FARMERSVILLE, TEXAS

HENDRIX & GLASS

Have made a specialty of growing the best liners in Texas that you can find. Ask your neighbor nurseryman and he will tell you to see the plants that we are growing here at our place.

Come anytime that you like as we are always on the job.
